Subject Communication

Communication

- Announcements -please read **all** announcements,
- Canvas inbox messages

Please note: it is expected that you have read the content of the announcements, discussion forums and canvas messages

If you require help, these are the avenues for help:

- Please take a look at the **General Information and FAQs (https://canvas.lms.unimelb.edu.au/courses/106841/modules/586395)** as that provides a lot of information about this subject and the assignments.
- The discussion forums are for general questions or queries not related to your private assessable work or circumstances*
- Consultation time with Dr Marion Zalk, 6:15pm-7:15pm on Thursdays after the lecture
- Ask your tutor during/after your tutorial time
- Email: Dr Marion Zalk at **swen90016@lists.unimelb.edu.au (mailto:swen90016@lists.unimelb.edu.au)** please include SWEN90016 in the title

*FYI: the email address **mzalk@unimelb.edu.au (mailto:mzalk@unimelb.edu.au)** is the email address that is monitored, **do not send it to my student address as some students have done in the past- that email address is not monitored and therefore I cannot respond to your email.**

*If you email me a general query or a question that is not directly related to your private assessable material- I may post the question on the discussion forum so all students can benefit and learn.

Please see the **Student Support Module (https://canvas.lms.unimelb.edu.au/courses/106841/modules/586396)** for general student info (not specific to this subject)
